

The Miracle of God's Word, The Bible. Derived from undated handwritten notes. No indication of when shared with SCF*

The Bible is a library of 66 books with 35 authors written over a period of 1500 years and it is still a best seller!

What sort of people wrote the bible? They were God inspired, both educated and uneducated. They included Kings, Fishermen, Public Officials, Farmers, Teachers, Physicians and other men and women, a complex host of authors. The subjects covered history, law, science, poetry, prose, drama, biography, testimony and prediction. Yet for all this variety it is a book of harmony and is as united as the human body with all its parts working together.

For 35 authors to write on so many subjects over 1500 years in absolute harmony is a miracle. Its a mathematical impossibility, it couldn't happen naturally speaking. How then do we account for it?

2 Peter 1 verse 20-21

But know this first of all, that no prophecy of Scripture is a matter of one's own interpretation, 21 for no prophecy was ever made by an act of human will, but men moved by the Holy Spirit spoke from God.

1 Timothy 3 verse 14-16

I am writing these things to you, hoping to come to you before long; 15 but in case I am delayed, I write so that you will know how one ought to conduct himself in the household of God, which is the church of the living God, the pillar and support of the truth. 16 By common confession, great is the mystery of godliness: He who was revealed in the flesh, was vindicated in the Spirit, seen by angels, proclaimed among the nations, believed on in the world, taken up in glory.
